Sub: Implementation of the Revised ICT Curriculum for the AY 2023-24

Sir,

The new revised ICT Curriculum has already been implemented in the State of Goa from the Academic Year 2021-2022 for Class VI to Class VIII. Further all computer teachers teaching ICT subjects (VI to VII) are being trained by the Project Management Unit (PMU), Directorate of Technical Education, Porvorim.

For successful implementation of this curriculum following additions are requested to be adhered by the Head of the Institutions:

1. Merging of the two periods of 35 minutes each in order to complete different modules effectively. Necessary changes in the time table to be done for this academic year and same should be followed henceforth.

2. Handholding sessions will be conducted towards Class VIII Regular ICT curriculum for the computer teachers (including Substitute teachers) every fortnightly basis on Thursdays for full day i.e. 8.30 am to 1.30 pm. It is requested that these Handholding sessions attended by the computer teachers are to be considered as a part of the workload of the Computer Teachers. The attendance of the computer teacher will be provided in the prescribed format. Tentative schedule for the sessions is attached in Annexure-I.

3. Teachers' skill upgradation, capacity building is an objective of the PMU. Towards this the teachers need to attend various training programmes conducted by PMU. All training orders / Completion certificates/ Attendances to be available only on PRERNA LMS - https://cares.goa.gov.in

4. The evaluation system has been changed to 'Rubrics' evaluation, unlike theory papers in other subjects. Therefore, all teachers should strictly follow the guidelines given during training. As such it is discouraged to have a Paper based examination.

5. To ensure the quality of instructions at school level it is imperative that the teachers are constantly guided and mentored on a regular basis, through peer learning.
